

PRODUCT INFORMATION SHEET

CarPlan Blue Star Antifreeze

DESCRIPTION

Carplan Blue Star Ready Mixed Antifreeze is a liquid coolant based on mono-ethylene glycol and contains corrosion inhibitors to give corrosion protection to metals commonly found in cooling systems, as well as providing the engine with protection from freezing. It is premixed with de-ionised water for customer who want the ultimate in convenience and protection.

ADVANTAGES

- Excellent corrosion protection
- Premixed with de-ionised water to provide freeze protection down to -17°C
- Elevated Boiling Point (Approx. 105°C at atmospheric pressure.) See note below
- Mixed fleet protection – one coolant for cars, vans and trucks (Petrol and Diesel)
- Protects all types of engines
- Maintenance free – Low additive depletion
- Excellent compatibility with seals, hoses and plastic components
- Helps prevent winter freezing and summer boil over

NOTE: Most automotive cooling systems are pressurized to 14-15 psi thereby giving an additional 25°C over the values quoted at atmospheric pressure.

PERFORMANCE LEVEL

- Blended from Blue Star concentrate which meets the quality standards of BS 6580 : 1992

PROPERTIES

Appearance	Clear Liquid
Colour	Blue
Density @ 20°C	1.040
PH	8.10
Freezing Point (°C)	-17
Boiling Point (°C)	105

DIRECTIONS FOR USE:

- Drain and flush the cooling system with clean water. Use a CarPlan cooling system preparation if sludge is evident. Check all hose clips and joints for leakage, tighten where necessary.
- Fill radiator with Ready Mix antifreeze to give level of protection required. Replace radiator cap, run engine for a few minutes to circulate antifreeze around the system. Remove radiator cap and top up the radiator with Ready Mix Antifreeze if necessary.

AVAILABILITY

BSR001 – 1 Litre

BSR005 – 5 Litre

**DISCLAIMER**

This Product Information Sheet does not constitute to any extent a fitness for purpose warranty or a quality specification. It is intended to be indicative only of the general characteristics of the product(s) and may not be relied upon (in whole or in part) in substitution of nor as a supplement to any of the information and/or instructions and/or warnings set out on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet (which is available on request). Neither of the publisher of this Product Information Sheet or the product(s) manufacturer accepts liability for the failure of any person to observe and follow the information and/or instructions and/or warnings on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet. Any person selecting and using or causing the product(s) to be used for a specific purpose or any third party recommending the product(s) for a specific purpose without in either case first making all appropriate inquiries as to the suitability of the product(s) for the intended purpose does so at his/her/their own risk and no liability is accepted by the publisher or the product(s) manufacturer for any consequent loss, damage or injury, other than such liability as may not (by operation of law) be excluded. This Product Information Sheet does not apply to the use of the product(s) in any combination or with other products or materials. Users of a product or products marked "For Professional Use Only" are deemed to declare and acknowledge for themselves professional levels of skill, knowledge, competence and experience in the selection and use of such product(s). Product Information Sheets are updated from time to time and inquiries should be made on a regular basis to ensure that this is the latest version available.
