

## **PRODUCT INFORMATION SHEET**

### **Cartridge Seam Sealer**

#### **Description**

Cartridge Seam Sealer is a synthetic rubber based sealant which protects overlap seams against dust and water penetration. Permanently flexible Cartridge Seam Sealer offers excellent non slumping characteristics making it ideal for horizontal or vertical joints.

#### **Directions For Use**

Remove the plastic nozzle extension and push the nozzle seal inwards.

Cut the nozzle extension to shape and screw back onto the cartridge.

Punch and remove the bottom cartridge seal. Apply with a caulking or similar type of gun

2 hours at 20°C. Cartridge Seam Sealer when fully cured may be overcoated with nitro-cellulose, acrylic, or compliant refinishing paint systems.

**Availability** – CSS310: 310ml

**Maintenance** – If not using all at once ensure a bead of material is left protruding from the nozzle. This will cure and should be removed before the next application. As this is a moisture curing product, suitable storing conditions and appropriate in-house precautions should always be observed.

**Cleaning** – Tetrosyl Gun Wash

**Storage** – Store in a cool, dry place.

**Safety** – See separate Material Safety Data Sheet (MSDS)

**FOR PROFESSIONAL USE ONLY**

**DISCLAIMER**

This Product Information Sheet does not constitute to any extent a fitness for purpose warranty or a quality specification. It is intended to be indicative only of the general characteristics of the product(s) and may not be relied upon (in whole or in part) in substitution of nor as a supplement to any of the information and/or instructions and/or warnings set out on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet (which is available on request).

Neither of the publisher of this Product Information Sheet or the product(s) manufacturer accepts liability for the failure of any person to observe and follow the information and/or instructions and/or warnings on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet.

Any person selecting and using or causing the product(s) to be used for a specific purpose or any third party recommending the product(s) for a specific purpose without in either case first making all appropriate inquiries as to the suitability of the product(s) for the intended purpose does so at his/her/their own risk and no liability is accepted by the publisher or the product(s) manufacturer for any consequent loss, damage or injury, other than such liability as may not (by operation of law) be excluded.

This Product Information Sheet does not apply to the use of the product(s) in any combination or with other products or materials.

Users of a product or products marked "For Professional Use Only are deemed to declare and acknowledge for themselves professional levels of skill, knowledge, competence and experience in the selection and use of such product(s).

Product Information Sheets are updated from time to time and inquiries should be made on a regular basis to ensure that this is the latest version available.
