

PRODUCT INFORMATION SHEET

Final Finish Bodyshop Polish
(FOR PROFESSIONAL USE ONLY)

DESCRIPTION

Incorporates a unique Nanomeric System which delivers a durable high-gloss finish. Made of a unique blend of non-silicones. It will rapidly remove swirl marks with minimum effort.

ADVANTAGES

- Silicone Free. Bodyshop Safe.
- Ideal for removing marks such as finger prints and compound splatter
- Developed to be used either as hand applied or with a machine
- Includes advanced lubricants in the formulation to prevent scratching

DIRECTIONS FOR USE

Remove surface contaminants with Tetrosyl Compliant Panel Wipe e.g. Panel Perfection—WSP010
Shake bottle well before use.

MACHINE USE:

1. Apply a small quantity to the panel with a soft cloth and spread out evenly with the polishing pad or cloth.

2. Place the polishing pad directly over the area and start polishing with an electric or air driven polisher at 1800-2000rpm for fast & superb result.

3. Using light to medium pressure work over the whole area, re-apply more polish as required.

4. Whilst polishing slowly reduce the pressure on the polishing pad as the polish begins to dry, then polish to a mirror finish

HAND USE:

1. Apply to a clean microfibre cloth or applicator pad. Using a circular motion, apply the glaze to one panel at a time, spreading it to form a consistent film.

2. With a dry, clean microfibre cloth gently wipe away any excess product.

150g/L

Availability—FFB010 880ml
