PRODUCT INFORMATION SHEET

Stain Valet

Description

Removes stains from car interiors
Removes food, chocolate, pen marks, spillages etc…

Stain Valet – Outstanding Car Interior Cleaning

CarPlan Stain Valet utilizes the innovative “bag-in-can” propelling system which keeps the product and propellant separate, ensuring only the cleaning product is dispensed. Suitable for cleaning seats, carpets, roof linings and all other interior upholstery.

Advanced Wet Foam Formula

Stain Valet’s advanced “wet-foam2 formulation has active detergents and cleaning agents that provide outstanding results. Stain Valet rapidly breaks through dirt, stains and contaminants like chocolate, marker pen, biro, oil, grime, beetroot, curry sauce, chewing gum or diesel stains without bleaching. Stain Valet will dry without staining. For cleaning leather upholstery use CarPlan Leather Valet, which has a gentle formulation.

Directions For Use

1). Vacuum fabric or carpet area first to remove loose dirt.
2). Push in the tab on the brush and spray a generous amount over the area to be treated. Whilst the foam is wet distribute the product around the area using the brush in multi-directional strokes.
3). After cleaning, wipe over the area with a clean, damp cloth to remove excess product.
4). Troublesome and dry stains may require a second application.
5). To assist the drying process allow good ventilation, particularly on seats.

To keep your seats scrupulously clean use CarPlan Interior Valet frequently.

NOTE: For safety reasons do not use on steering wheels or foot pedals.

AVAILABILITY

300ml Bag-in-can Aerosol
DISCLAIMER
This Product Information Sheet does not constitute to any extent a fitness for purpose warranty or a quality specification. It is intended to be indicative only of the general characteristics of the product(s) and may not be relied upon (in whole or in part) in substitution of nor as a supplement to any of the information and/or instructions and/or warnings set out on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet (which is available on request).

Neither of the publisher of this Product Information Sheet or the product(s) manufacturer accepts liability for the failure of any person to observe and follow the information and/or instructions and/or warnings on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet.

Any person selecting and using or causing the product(s) to be used for a specific purpose or any third party recommending the product(s) for a specific purpose without in either case first making all appropriate inquiries as to the suitability of the product(s) for the intended purpose does so at his/her/their own risk and no liability is accepted by the publisher or the product(s) manufacturer for any consequent loss, damage or injury, other than such liability as may not (by operation of law) be excluded.

This Product Information Sheet does not apply to the use of the product(s) in any combination or with other products or materials.

Users of a product or products marked “For Professional Use Only are deemed to declare and acknowledge for themselves professional levels of skill, knowledge, competence and experience in the selection and use of such product(s).

Product Information Sheets are updated from time to time and inquiries should be made on a regular basis to ensure that this is the latest version available.
