

PRODUCT INFORMATION SHEET

TETRION MULTI PURPOSE INTERIOR FILLER

DESCRIPTION

Tetrion interior Filler is specifically made for inside use and provides a repair that is particularly compatible with plastered surfaces that are to be painted. It is available in an easy to mix powder form which, when hardened, is easily sanded down to a smooth white finish.

ADVANTAGES

- Resists shrinking, cracking and flaking
- Easily sands down to a smooth white finish
- Accepts screws, plugs and masonry nails
- Can be over-painted with most household paints

APPLICATIONS

Suitable for filling cracks, holes and gaps when preparing interior plaster, wood, stone, brickwork and many other building materials prior to painting or papering.

DIRECTIONS FOR USE

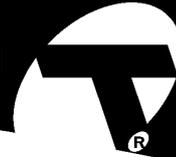

- Ensure the surfaces are dry, clean and free from dust and loose material.
- Remove all decayed wood down to dry, sound material and allow damp wood to thoroughly dry out before applying filler.
- Prime nails and screw heads, etc. with oil based paint before applying the filler.
- Add 2-2.5 part filler to 1 part water and mix thoroughly to form a smooth paste, adding more water or powder as necessary.
- Once mixed leave for a few minutes prior to use. Paste remains workable for up to 50 minutes.
- Apply with a filling knife, filling to a level just above that of the surrounding surface and smooth off with a wet blade.
- Setting time is approx. 2 hours depending on conditions.
- If necessary hardened filler can be sanded down.

AVAILABILITY

500g – TMF500

1.5kg – TMF015

10kg – TIP100
