

PRODUCT INFORMATION SHEET

CARLUBE HYDROLASTIC SUSPENSION FLUID

DESCRIPTION

Carlube Hydrolastic Suspension Fluid is a specialty product that has been designed specifically to meet the requirements of Hydrolastic suspension systems fitted to Rover (British Leyland vehicles).

ADVANTAGES

- Meets the requirements of British Leyland specification
- Low temperature properties provide full system response in sub zero temperatures
- Fully inhibited against ferrous and non-ferrous metals
- Fully compatible with all materials in the suspension system

APPLICATION

Carlube Hydrolastic Suspension Fluid is specifically designed to meet the re-fill and top-up requirements of Hydrolastic suspension systems fitted to Rover (British Leyland) vehicles. It is fully compatible with all hoses, rubber seals & metal components in the system.

NOTE: Before any work is carried out on the Hydrolastic suspension unit it must be professionally depressurized & re-pressurized afterwards.

PROPERTIES

Appearance	Clear Liquid
Color	Fluorescent Green/Yellow
Density @ 20°C	0.950
Freezing Point (°C)	-25
Flash Point (°C)	27

AVAILABILITY

4.55 Litre – XHS455

**DISCLAIMER**

This Product Information Sheet does not constitute to any extent a fitness for purpose warranty or a quality specification. It is intended to be indicative only of the general characteristics of the product(s) and may not be relied upon (in whole or in part) in substitution of nor as a supplement to any of the information and/or instructions and/or warnings set out on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet (which is available on request).

Neither of the publisher of this Product Information Sheet or the product(s) manufacturer accepts liability for the failure of any person to observe and follow the information and/or instructions and/or warnings on the product(s) and/or on any packaging and/or in the relevant Safety Data Sheet.

Any person selecting and using or causing the product(s) to be used for a specific purpose or any third party recommending the product(s) for a specific purpose without in either case first making all appropriate inquiries as to the suitability of the product(s) for the intended purpose does so at his/her/their own risk and no liability is accepted by the publisher or the product(s) manufacturer for any consequent loss, damage or injury, other than such liability as may not (by operation of law) be excluded.

This Product Information Sheet does not apply to the use of the product(s) in any combination or with other products or materials.

Users of a product or products marked "For Professional Use Only" are deemed to declare and acknowledge for themselves professional levels of skill, knowledge, competence and experience in the selection and use of such product(s).

Product Information Sheets are updated from time to time and inquiries should be made on a regular basis to ensure that this is the latest version available.
